My Dear Mam & Dad

Just a few lines hoping to find you all A K at home as I am not so bad myself only just the old complaint wishing I was with my old job but still I suppose I must put up with it and make the best of it but I have never had such a soft job and I am sure a lad in his first year could do all that I have to do here but I had better be very careful of what I say as one of your letters I wrote was stopped and it's a job to know what we can write about and ever since we left home all we have had is one mail about a month ago and I don't know when the next one is coming or how our letters are going home as we are so far away and I have seen more of this world than ever I thought I would and now all I am looking for is seeing old Cardiff once more and being home with you all again for good. I haven't seen our Jor since about 5 or 6 weeks ago but may be seeing him again soon but I hope he have been home on leave as I am sure it's about his turn but that will be the day when we are both home together and no more fear of Jerry coming over. I wonder if our blane's baby will be running down the street next time I come home or by the way he is using your coal hammer perhaps working at the docks but whatever he does I hope he will never join this lot still I hope he is alright also blane and Waller and hope he is still home. I hope our Dad is still working alright and feeling his old self again and also Stan tell him I haven't yet heard anything of the Channel getting me for the
