

mess down there and whoever goes there for a day
 cutting must be made so they will never get the oil
 out of their clothes and having to give contents for
 new ruse as you help the people near Barry that have
 got children. I expect by now our list is complete again
 and I hope she have got what she wanted and that old
 change is back home to mind him for her so I think she
 is a good help by the way she looks after Barry. When
 you write to her don't forget to tell him about the
 chickens and say I hope I will be seeing him again
 shortly and you were nearly right when you said
 you think we must be off the spot and you will
 have to wait before I can say anything about where
 we have been or what we have been doing and I hope
 it will be long now before I will be able to tell you.
 I have your thought of it today it is 2 yrs since they
 showed me around here but it seems more like 5 yrs
 to me as I hope when we get a bit nearer home they
 will wish me off as quick as they should me on but
 do guess the things they do in the day along the
 exact opposite to what you expect them to do and
 ever since I have been here the have been a further
 mystery that and we never know what to expect and
 we don't know where we will end up when we leave here
 as I hope you won't worry if my letters suddenly stop
 for a few weeks as I will write as soon and as often
 as I can as Mum & Dad I must now take only
 washing I was coming with Dad up the club but
 hope he will remember me to all the folks as
 for now I must say goodbye and you
 Bless you all hoping to see Barry and Walter
 is OK

your ever loving
 Son Alf
